

.....

**DISCLAIMER** *(please read carefully and writes your Initials at the bottom)*

The NIWSF buyers program is designed to help every exhibitor meet potential buyers and target market for their products. We will carefully draft a schedule for every buyer based on their needs and the information you provide about your products. We may not be able to guarantee that an actual match will occur or that buyers will follow the exact schedule prepared for them, we'll implore you to accept and deal with the buyers as they come.
